

November 3, 2017

Parents,

As we prepare for the start of a new school year, we wanted to update you regarding the availability and process for students to take virtual courses at Waterset Charter School during the 2017-2018 school year. As a school of choice, we understand how important it is for us to provide a variety of curriculum and instructional options for our students. As such, we have integrated our own virtual courses into our curriculum that will be monitored and supported at our school center, by our own teachers. These “on-site” virtual courses are all state approved and will provide our students with multiple course options and direct support and monitoring by Waterset Charter School teachers. All virtual courses are fully and completely part of the Waterset Charter School educational program.

A complete list of virtual courses that Waterset Charter School offers is available in the main office. These virtual courses will become part of our curriculum and instructional offerings for our students and families who have selected Waterset Charter School as a school of choice. Since each course, traditional and virtual alike, are uniquely incorporated into our proven curriculum, virtual options are limited to our extensive list of courses. If you have any questions regarding virtual course offerings, you may contact Sara Capwell at 813-602-0622.

We thank you for choosing Waterset Charter School as your school of choice, and look forward to an incredible school year!

Sincerely,

Sara Capwell
